## • GRADUATE •
### PROFILE

**ENHANCING YOUR EMPLOYABILITY**

## The Botho Graduate Profile (BGP)
is a list of qualities that all Botho University students are encouraged to learn and imbibe before they graduate.

### ARTICULATE
Able to communicate information eloquently, effectively and appropriately to a given audience.

### COLLABORATIVE
Considerate of and able to work and communicate effectively with teams of people from different social and cultural backgrounds.

### CRITICAL-THINKING
Having the curiosity and open mindedness to acquire new knowledge by analyzing, reflecting on and evaluating information.

### DIGITALLY LITERATE
Able to identify trustworthy information and use technology creatively and appropriately to solve problems, make decisions, and improve quality of life.

### ENVIRONMENTALLY RESPONSIBLE
Committed to conserving resources and protecting the environment.

### INNOVATIVE & ENTREPRENEURIAL
Able to identify opportunities and take measured risk to develop new and improved ideas, processes and products that create value.

### KNOWLEDGEABLE & HARDWORKING
Understanding a field of study with the expertise, professionalism, motivation and commitment to apply the knowledge gained to solve problems and deliver quality work.

### POSITIVE & CONFIDENT
Being friendly, optimistic, adaptable and resilient, and able to display healthy self-esteem, especially when interacting with others and making decisions.

### SOCIALLY RESPONSIBLE
Makes decisions and takes actions ethically, with integrity, and in the best interest of society as a whole.

*BGP Skills listed above are based on inputs from industry, academia, research, our context and global best practice and employability reports.*

# TABLE OF CONTENTS

# ABOUT US - Transforming Opportunity in Sub-saharan Africa

CREATING IMPACT ACROSS
**12 OUT OF 17**
SDG's

Botho University (BU) was founded in 1997 and has quickly grown into a prominent multi-disciplinary institution offering quality higher education across four countries across sub-saharan Africa: Lesotho, Botswana, Eswatini, and Namibia, alongside an Online Learning Campus. Botho University offers qualifications ranging from Certificates to Master›s degrees, with plans to introduce Doctoral programs in the near future. With over 4,500 students and nearly 300 staff members, the university is a hub of learning and innovation. In Lesotho, it operates under three faculties: the **Faculty of Business & Accounting**, the **Faculty of Engineering and Technology** and the **Faculty of Health and Education**.

All of Botho University's programs are accredited by the relevant regulatory bodies in each country where it operates. **In Lesotho, all our academic offerings are fully accredited by the Council of Higher Education (CHE) and aligned to the Lesotho Qualifications Framework.**

The university has completed construction of its cutting-edge multi-million maloti campus in Hapena-Pena, next to Green City in Lesotho. We are elated to announce that we have moved to our brand new own campus from January 2025. Botho University is the first private institution to build its own campus in Lesotho and offer a high quality international standard learning environment for students.

The university›s 2023-2027 strategy emphasizes the principles of Vibrance, Innovation, and Impact, ensuring that Botho University remains a dynamic and exciting place for students and staff alike. Guided by its core values of integrity, excellence, and inclusiveness, Botho University nurtures well-rounded, entrepreneurial graduates who are globally employable. These graduates possess the attitude, knowledge, skills, and competencies required to drive productivity and foster sustainable economic growth.

Committed to maintaining exceptionally high standards, Botho University is ISO 9001:2015 certified, demonstrating its adherence to international quality assurance standards.

# BOTHO UNIVERSITY 2024 GRADUATE TRACER STUDY

with guidance from

**IFC** | International Finance Corporation
WORLD BANK GROUP

**96%** of Graduates would recommend Botho University to others

**89%** of Graduates found employment based on skills developed at Botho University

**88%** of Graduates recommend their programme of study at Botho University to others

**85%** of Graduates stated they developed practical skills as part of their programme of study at Botho University

**83%** of Graduates said the programme meets industry expectations

**83%** of Graduates were satisfied with the academic preparation they received at Botho University

**82%** of Graduates who are satisfied with their Botho University education in achieving career goals

Botho University is dedicated to ensuring the relevance and impact of our academic offerings, as well as the employability of our graduates. To achieve this, we conduct regular graduate tracer studies, gathering valuable insights that inform our curriculum, student support services, and career readiness initiatives.

In 2024, we conducted one of our most comprehensive graduate tracer studies to date, under the expert guidance of the International Finance Corporation (IFC), a member of the World Bank Group. This extensive study surveyed graduates from Lesotho, Botswana, and our Blended and Distance Learning Campus, all of whom had successfully completed their programs of study between 2018 and 2023.

The findings from this graduate tracer study highlight the strong alignment between our academic programs and market needs. It demonstrates the success of our graduates in securing employment and advancing their careers, while emphasizing the practical, hands-on nature of our programs. These programs integrate real-world challenges and industry-specific case studies, ensuring students are job-ready upon graduation.

Our close engagement with employers is essential to the development of our curriculum. By collaborating with industry leaders, business networks, and government organizations, we ensure our programs remain relevant and forward-thinking. This employer-driven approach, combined with work-based learning opportunities such as internships and projects, enhances our graduates' employability and ensures they are equipped to make an immediate impact in their professional roles.

Botho University is committed to continuous improvement. The insights from this study shape our future academic strategies, ensuring our graduates are equipped with the skills and knowledge needed to thrive in an increasingly competitive global economy. Our comprehensive employability support services, career counseling, and alumni networking opportunities further empower our graduates and enhance their career prospects.

# OUR NEW CAMPUS IN LESOTHO

As of January 2025, Botho University has officially moved to its own multi-million maloti campus in Hapena-pena area, Green City, Maseru, Lesotho. This showcases the university's commitment to provide quality education in facilities of international standards. The new Botho University campus offers custom classrooms, administrative offices, laboratories, sports facilities etc all with high speed internet facilities offering our students a highly conducive learning enviroment.

We proudly welcome all our Lesotho based students to our brand new campus. **Rea U Amohela**

The list of partners is not exhaustive and subject to change

# Bachelor of Science in Mobile Computing

**Programme details:**

This programme focuses on the development and deployment of applications and systems for mobile platforms. Students will gain expertise in mobile application development, wireless communication, and user interface design. Graduates will be well-positioned to address the growing demand for mobile computing solutions in sectors like business, healthcare, and entertainment, as mobile technology continues to revolutionise daily life and industry practices.

**Admissions Criteria**

**1)** Applicants are expected to have successfully completed secondary schooling. The typical entry requirement is LGCSE or other equivalent secondary school qualification.

**2)** LGCSE/equivalent with a minimum of 5 subjects of which 3 Credits (C), 2 Pass (D) including minimum Pass (D) in English, Pass (D) in Mathematics.

**3)** Applicants in possession of a Diploma or Higher Diploma in related field may be given exemptions based on the credit point equivalency.

**4)** For enquiries and more information please visit our website: **www.bothouniversity.com**

**Graduates of this programme can:**

- Undertake mobile IT Security and game development
- Design and implement complex mobile applications for different platforms
- Install and configure mobile applications, and manage mobile networks

**Career Prospects:**

- Mobile Solution Specialist
- Mobile Application Developer
- Mobile Computing Analysts
- Game Developers
- Mobile Technicians
- Mobile Security Experts
- Mobile Phone Verification Manager for Android, IOS and Windows
- Mobile Applications Developer for Android, IOS and Windows
- Mobile edutainment

**Skills Developed:**

- Mobile App Development
- User Interface (UI) and User Experience (UX) Design
- Mobile Operating Systems
- Cross-Platform Development
- Mobile Database Management
- Mobile Security
- Mobile Networking
- Mobile Testing and Debugging
- Mobile Analytics
- Mobile Cloud Computing
- Mobile Payment Integration

# Bachelor of Science in Computing

**Programme details:**
This programme provides students with a comprehensive understanding of computing principles, technologies, and methodologies. It emphasizes problem-solving, software development, and system design. Graduates are equipped with the knowledge to develop innovative computing solutions in various industries and adapt to the rapidly evolving technological landscape. The programme is ideal for those aspiring to excel in fields such as software engineering, artificial intelligence, and data science.

**Admissions Criteria**

**1)** Applicants are expected to have successfully completed secondary schooling. The typical entry requirement is LGCSE or other equivalent secondary school qualification.

**2)** LGCSE/equivalent with a minimum of 5 subjects of which 3 Credits (C), 2 Pass (D) including minimum Pass (D) in English, Pass (D) in Mathematics.

**3)** Applicants in possession of a Diploma or Higher Diploma in related field may be given exemptions based on the credit point equivalency.

**4)** For enquiries and more information please visit our website: **www.bothouniversity.com**

**Graduates of this programme can:**
- Plan IT systems for businesses
- Develop and maintain computer systems
- Install computer networks
- Provide technical support
- Write manuals about the equipment they make
- Design new technologies
- Administer databases
- Find ways of making businesses more efficient using technology
- Undertake programming

**Career Prospects:**
- Software Engineer
- Network Engineer
- Network Administrator
- Database Designer
- Database Administrator
- Web Designer
- Teachers/Lecturer
- System Administrator
- IT Manager

**Skills Developed:**
- Programming Languages
- Software Development
- Database Management
- Web Development
- Networking

# Bachelor of Science in Computer Networking

**Programme details:**
This programme equips students with in-depth knowledge of networking technologies, protocols, and system management. It emphasizes the design, implementation, and maintenance of secure and efficient network infrastructures. With a focus on real-world applications, graduates are prepared to tackle challenges in areas like network security, cloud computing, and internet technologies, ensuring seamless communication and connectivity in organisations.

**Admissions Criteria**
**1)** Applicants are expected to have successfully completed secondary schooling. The typical entry requirement is LGCSE or other equivalent secondary school qualification.

**2)** LGCSE/equivalent with a minimum of 5 subjects of which 3 Credits (C), 2 Pass (D) including minimum Pass (D) in English, Pass (D) in Mathematics.

**3)** Applicants in possession of a Diploma or Higher Diploma in related field may be given exemptions based on the credit point equivalency.

**4)** For enquiries and more information please visit our website: **www.bothouniversity.com**

**Career Prospects:**
- Network Engineer
- Technical Support Engineer
- Network Administrator
- Systems Engineer
- Network Security Associate
- Network Data Engineer
- Network Field Technician
- Network Security Analyst
- IT Manager

**Graduates of this programme can:**
- Understanding Structure and functions of the internet
- Building Simple LANs and Enterprise Networks
- Performing Basic Configurations on Routers and Switches
- Wireless LANs and Security Concepts
- Resolving common issues with protocols in both IPv4 and IPV6 Networks
- WAN technologies
- Implementation of Quality of Service
- Virtualization, Software defined networking, and automation in evolving networks

**Skills Developed:**
- Networking Protocols
- Network Architecture and Design
- Routing and Switching
- Network Security
- Wireless Networking
- Network Management and Monitoring
- Network Virtualisation
- Cloud Computing and Networking
- Network Troubleshooting
- Cryptography
- Operating Systems
- Programming and Scripting
- Project Management

# Bachelor of Science in Data Science

**Programme details:**

This programme is concerned with extracting intelligence from data. This is done by applying cutting-edge techniques from Statistics, Mathematics and Computer Science. The techniques used to understand the modern abundance of data are at the intersection of computing and mathematics, including statistics and machine learning, and there is a high demand in the industry. Furthermore, the qualification will aid in making data-driven decisions in the bid to attain Sustainable Environment and Sustainable Economic Development.

**Admissions Criteria**

**1)** Applicants are expected to have successfully completed secondary schooling. The typical entry requirement is LGCSE or other equivalent secondary school qualification.

**2)** LGCSE/equivalent with a minimum of 5 subjects of which 3 Credits (C), 2 Pass (D) including minimum Pass (D) in English, Pass (D) in Mathematics.

**3)** Applicants in possession of a Diploma or Higher Diploma in related field may be given exemptions based on the credit point equivalency.

**4)** For enquiries and more information please visit our website: **www.bothouniversity.com**

**Graduates of this program can:**

- Apply data-driven models in various fields like finance, biology, health, education, agriculture, and many other fields
- Communicate in technical and non-technical terms concepts of Data Science in different sectors of the economy
- Develop new data processing models
- Apply developed models to various problems
- Develop multiple programming languages used for expressing solutions
- Safeguard the ethical use of data in all aspects of their profession
- Work effectively in a team
- Communicate effectively
- Develop research skills
- Develop entrepreneurial skills

**Career Prospects:**

- Data Analyst
- Data Mining Engineer
- Data Architect
- Data Scientist
- Senior Data Scientist
- Business Intelligence Analyst
- Machine Learning Scientist
- Clinical Data Managers

**Skills Developed:**

- Statistical analysis and computing
- Machine learning
- Deep learning
- Processing large data sets
- Data visualisation
- Data wrangling
- Mathematics
- Programming

## 1. Applying to Botho University

Before applying to Botho University, students are encouraged to take time out to familiarise themselves with all the programmes on offer. Applicants must meet all the relevant minimum requirements for the programme of study they wish to study. It is also important for applicants to assess whether the programme they choose interests them and that they want to make a career out of it. Our friendly Admission Team Counsellors will provide information needed about the programmes and assist applicants to make informed choices. Details on programmes are available on our website: **www.bothouniversity.com**

## 2. How to calculate points

The admission point system is used to measure your academic achievement based on your school-leaving results. Your school-leaving subject grades or percentages are converted into points as per the table above and based on your qualification. These points are added up to arrive at the number of points you have obtained.

## 3. Important points to remember when applying

- All students can apply in person or using the online application form available on the website. Please read the "Steps to Apply" document available on the application portal before applying.
- Clear certified copies of all relevant educational certificates.
- Clear certified copies of passport/identity card.
- Please read the Fee Structure and Policy document available on the website before applying.
- Should you have any doubts on the application process please contact our admissions department for further assistance.

# FOSTERING STUDENT SUCCESS AND DELIVERING AN UNFORGETTABLE UNIVERSITY EXPERIENCE

Students looking to shape their long-term careers can be confident that Botho University's industry-relevant programs will help them achieve their academic and professional goals. However, what sets Botho University apart is its strong commitment to providing a memorable and enriching university experience. In addition to academic excellence, the university prioritizes offering innovative, high-quality, and digitally-driven support services to ensure that every student's journey is meaningful and fulfilling.

**The Student and Alumni Affairs Department (SAAD)** plays a key role in offering a wide range of services focused on student wellness, employability, entrepreneurship, and overall welfare. This department ensures that students receive a solid return on their investment in their education at Botho University. By providing a nurturing, positive, and supportive environment, SAAD helps create a highly practical and deeply engaging learning experience.

**Our Extensive Range of Services Available to All Students:**

- Academic Services and Psychosocial Counseling
- Health and Wellness Awareness, Training, and Services
- Sports, Cultural, and Recreational Activities
- Internship Guidance and Support
- Community Engagement Activities
- Global Student Exchange Opportunities
- Active Alumni Engagement
- Remote Internships with International Providers
- Entrepreneurship Development Training and Support

We are committed to #StudentSuccess through all our services, empowering students to excel both academically and personally.
